

R.M. of Moose Mountain No. 63

**Box 445
250, 8th Street West
Carlyle, SK
S0C 0R0**

2026 Dust Control
'DustGard' - Magnesium Chloride Suppressant

As per R.M. of Moose Mountain No. 63 Policy No.: T.3.1:

- The R.M. will arrange for dust control at the request of the R.M. residents.
- Residents will be required to cover 100% of the cost of the product application.
- The R.M. will offer the use of our grader for any preparation work involved in the application process.
- The R.M. shall have the “right” to remove the product at any time Council feels it is no longer useful or is a danger to the travelling public.

Useful Information:

- Application rate: 2.0 litres/m²
- Average site measurement in front of a home: 200m x 5m
- Based on 2.0 litres/m² = 2000 litres/site
- The applied cost for 2026 is 0.42 cents per litre plus taxes.
- You may request more or less than 2000 litres be applied to your site. Your cost will be dependent on the number of litres applied.
- Our public works staff will stake out the measurements provided below.

Please complete the following:

Site Measurements:

_____ m X _____ m

OR

Same as last year: _____

Name of Resident (Please Print)
